

COMPANY PROFILE

DONSEEDIC ENGINEERING & CONSTRUCTIONS LIMITED

engineering, procurement, construction, installation, and commissioning

WHO WE ARE

DONSEEDIC ENG & CON LTD is a leading Oil and Gas firm providing comprehensive solutions in Engineering, Procurement, Construction, Installation, and Commissioning (EPCIC) services, Located in Lagos, Nigeria, we offer innovative and reliable solutions to clients in the energy sector. With a commitment to excellence, we deliver projects on time, within budget, and to the highest industry standards. Our services encompass the entire project lifecycle, from conceptualization to commissioning.

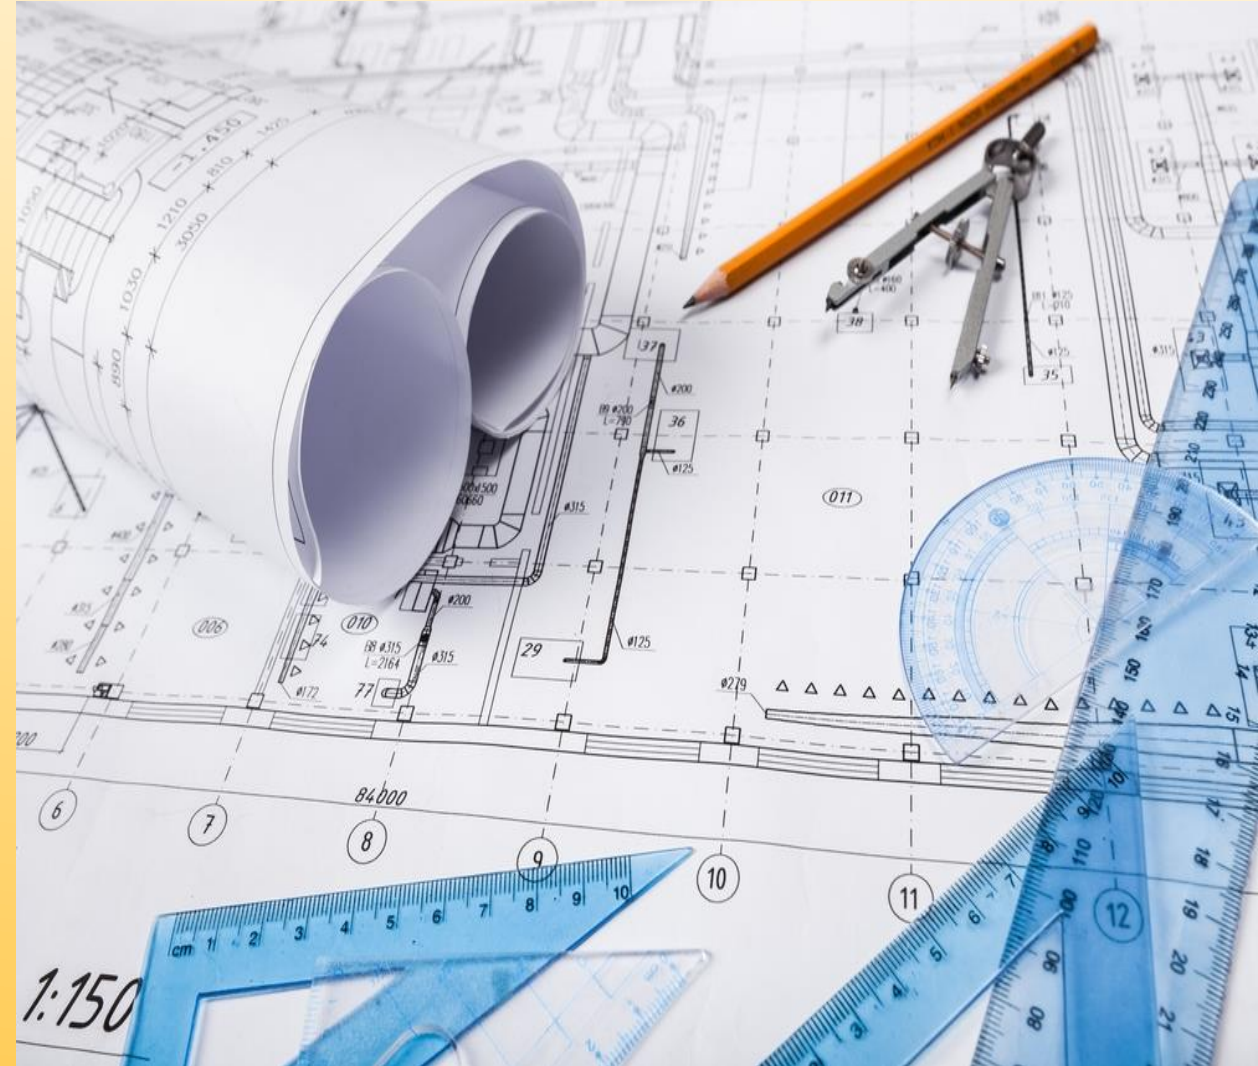

OUR SERVICES

- 1 Engineering
- 2 Procurement
- 3 Installation
- 4 Construction
- 4 Commissioning
- 5 Man Power Supply

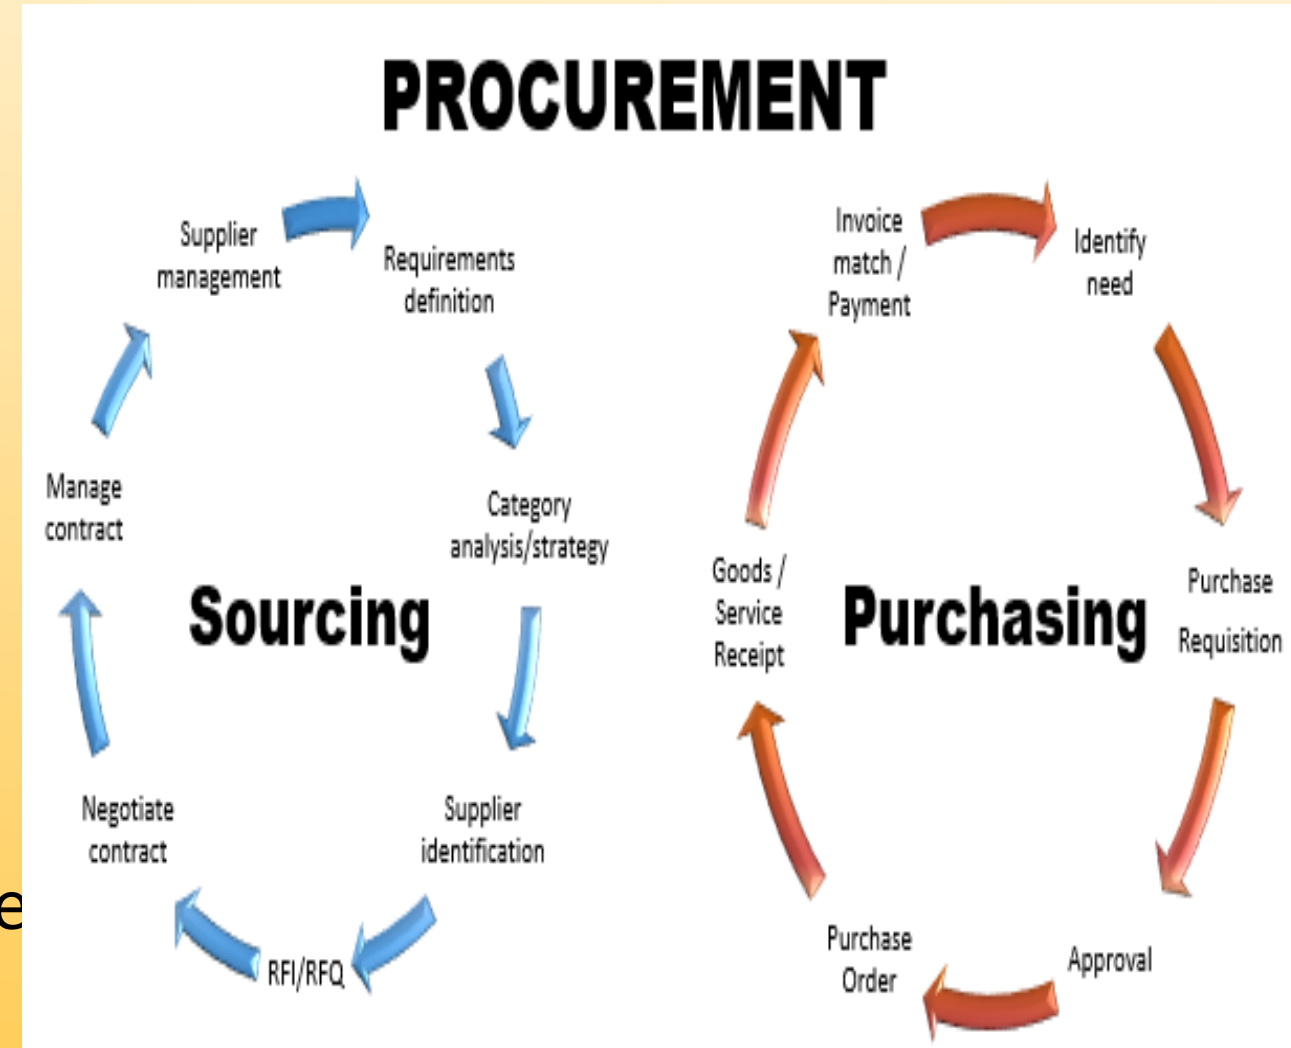

ENGINEERING

Our engineering services are at the core of our operations. We offer a comprehensive range of engineering solutions tailored to each project's unique requirements. Our team utilizes cutting-edge technologies and industry best practices to develop efficient and sustainable designs. We excel in conceptual design, detailed engineering, feasibility studies, risk assessments, and more.

PROCUREMENT

we understand the importance of timely and cost-effective procurement. We have established strong relationships with trusted suppliers and manufacturers worldwide. Our procurement specialists handle vendor selection, negotiation, expediting, inspection, and logistics to ensure the smooth flow of materials and equipment. We prioritize quality and compliance with project specifications.

INSTALLATION

We specialize in the installation of energy systems and equipment. We have the expertise to handle complex installations in diverse environments, both onshore and offshore. Our skilled technicians and installers ensure precision, efficiency, and adherence to safety protocols. We prioritize seamless integration and functionality, ensuring optimal performance of installed equipment

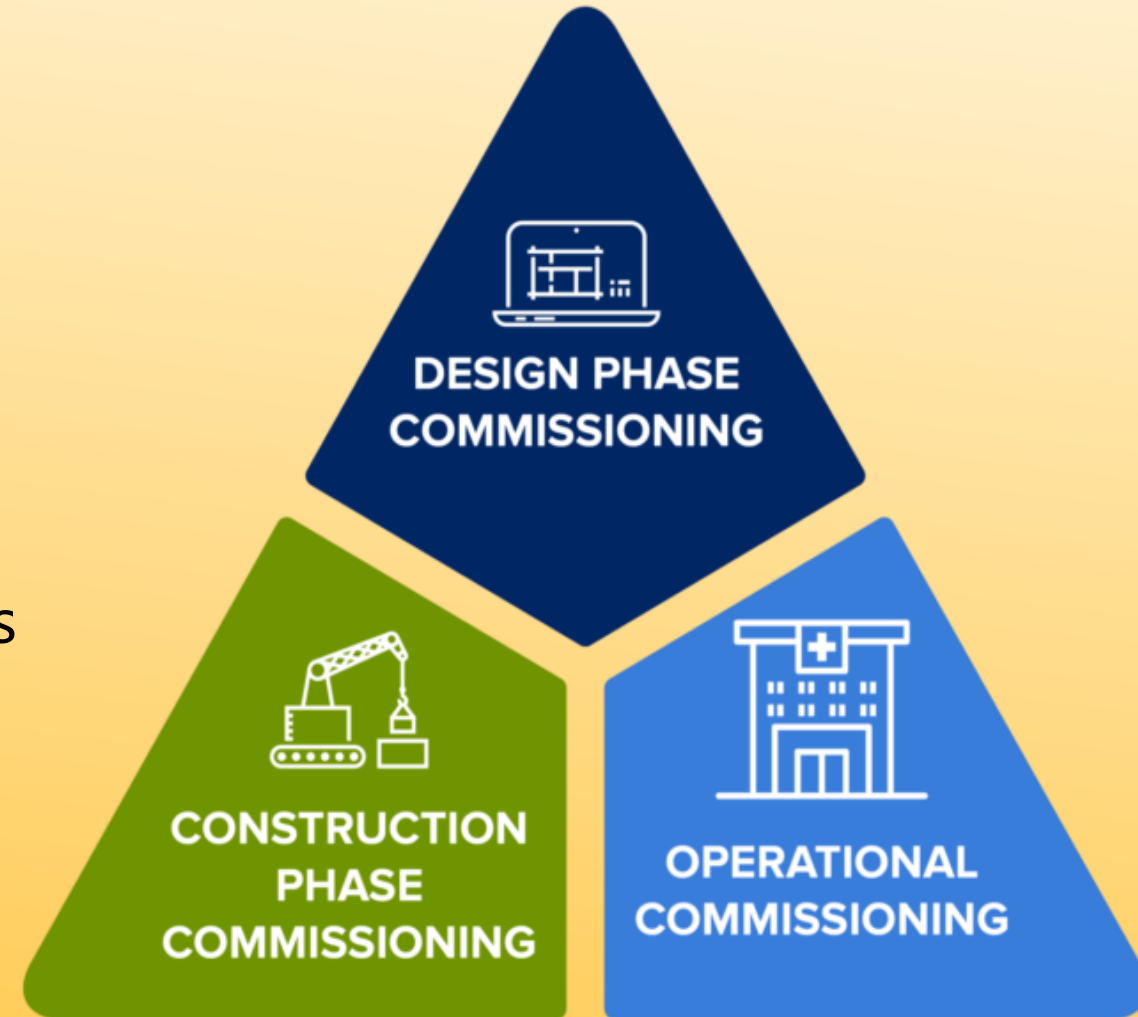

CONSTRUCTION

Our experienced construction team excels in managing projects from start to finish. We implement effective construction strategies, ensuring projects are completed on time and within budget. Our services include project scheduling, subcontractor management, quality control, and safety compliance. We have successfully executed various construction projects, adhering to the highest industry standards.

COMMISSIONING

we understand the critical role of commissioning in ensuring the successful operation of projects. Our commissioning services encompass comprehensive testing, inspection, and verification procedures. We meticulously assess and optimize the performance of installed equipment, conduct operational testing, and fine-tune the systems for optimal efficiency. Our goal is to facilitate a smooth transition from construction to full operational capacity, minimizing downtime and maximizing output.

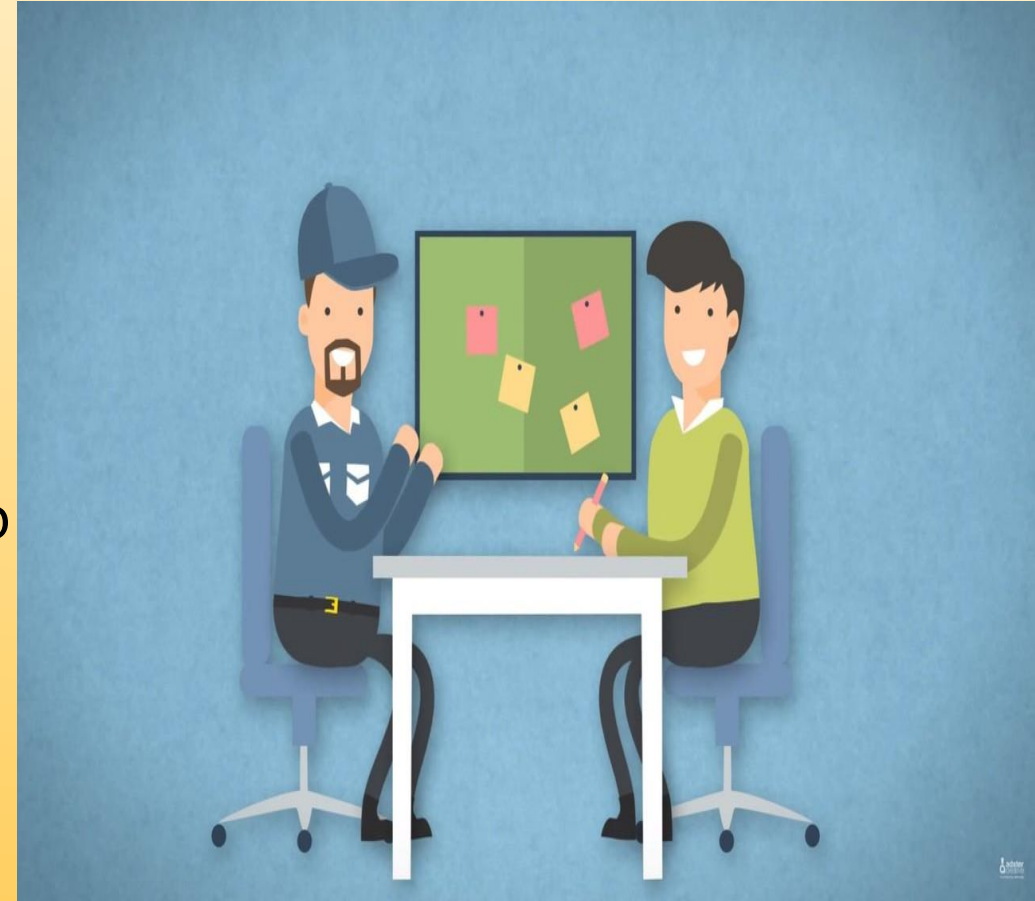

MAN POWER SUPPLY

We specialize in providing highly skilled and experienced professionals for various roles in the oil and gas industry. Our manpower supply services cover a wide spectrum, including drilling crews, production operators, maintenance technicians, engineers, project managers, and more. We ensure that our clients have access to a competent workforce capable of meeting their operational demands.

CLIENTS AND INDUSTRIES

DONSEEDIC ENG & CON LTD serves a wide range of clients in the energy sector. We work closely with oil and gas companies, power generation companies, renewable energy developers, petrochemical plants, and infrastructure projects. Our services cater to both onshore and offshore projects, demonstrating our versatility and ability to adapt to different environments and project requirements. We have successfully executed projects of varying scales and complexities, earning the trust and satisfaction of our clients.

COMMITMENT TO EXCELLENCE

At DONSEEDIC ENG & CON LTD, we are committed to delivering excellence in every project we undertake. We prioritize quality, safety, and client satisfaction. Our team comprises highly skilled professionals with deep technical expertise and industry knowledge. We continuously invest in training and development to stay updated with the latest advancements in the energy sector. By adhering to the highest industry standards and best practices, we ensure the successful completion of projects that meet or exceed our client's expectations.
